Model SCOOP

## The indispensable boat in the RUBAN BLEU range.

The SCOOP is an electric boat for chartering. Its hull and the power of its motor provide smooth, quiet sailing in all conditions. The deck layout can comfortably take 7 passengers. Designed for charterers, it is a boat that is easy to maintain and is available to all.

The rear position of the driver and the height of the freeboard guarantee the safety of the passengers.

The deck layout allows free circulation on board.

A table may be added optionally for picnicking on the water.

Naturally the SCOOP is selfbailing.
