Service Vessel

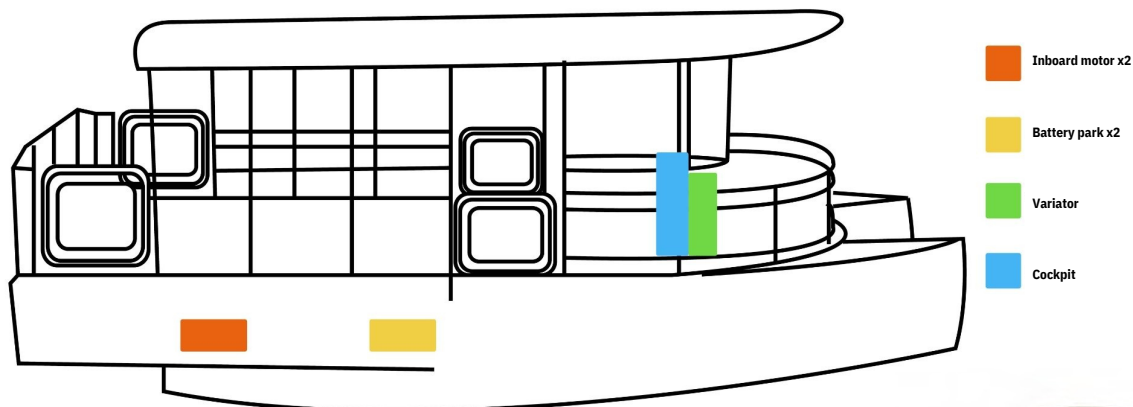

NAVETTE

The future of transport !

The NAVETTE of RUBAN BLEU is an electric boat easy to handle thanks to its catamaran shape .

The hull can be personalized depending on the customer needs.

The customer has the possibility to convert a part of the boat to a space with disabled access thanks to PRM seats. Furthermore, it is also possible to convert the space to bikes and pushchairs area.

There are a lot of organizational and performance options for the Navette. It only depends on what the customer needs.

We can answer to specific requests.
